### Town Center Bank to Host Open House

COPPELL, Texas – Town Center Bank, the only bank based in Coppell, invites the community to attend a Family Fun Festival & Open House from 9 a.m. to 2 p.m. on Saturday, August 6, at its new location, 654 N. Denton Tap Road, near the southeast corner of Denton Tap Road and SH 121.

The locally-owned bank recently moved into its new building and the staff is eager to celebrate the opening of the new facility by demonstrating its true hometown nature. Town Center Bank's Open House will provide coffee and donuts to early-morning guests

and the Family Fun Festival activities will include give-a-ways, a bounce house, clowns who perform magic tricks and create balloon figures, face painting and tours of the new building. Hot dogs, lemonade and snow cones will be served throughout the day.

“We want the community to help us celebrate by visiting our new home and sampling the difference a true hometown bank offers,” said Ed Thomas, president and CEO. “Those who attend our open house will have a great time, learn about our bank’s services and can even open a new account.”

Town Center Bank staff will take attendees on a tour of the new building to show off its unique amenities including a computer station, the biometric technology used to enter the safe deposit box vault, a children’s room and a comfortable waiting area with a stone fireplace.

Town Center Bank specializes in lending to small and medium-sized businesses by having on-site loan officers who can review and approve loans in a very timely manner.

The bank began serving the communities of Coppell, Lewisville and surrounding areas last October offering banking services and unique amenities found only in a hometown bank.

For more information about Town Center Bank, stop by their new location, call Ed Thomas at 972-692-9900 or visit their Web site at [www.tcbtexas.com](http://www.tcbtexas.com).

### **About Town Center Bank**

Town Center Bank provides customized and personal banking services and loans to businesses and individuals in the Coppell, Lewisville and surrounding areas. The officers and staff believe customers want made-to-order, individual service from someone they know locally rather than being a number in a queue answered by an out-of-state call center. The bank offers friendly, personalized service, experienced staff with a positive “can do” attitude and state-of-the-art technology. For more information, stop by Town Center Bank at 654 N. Denton Tap Road in Coppell, call 972-692-9900 or visit [www.tcbtexas.com](http://www.tcbtexas.com).
